Overall result: Passed Magna cum laude with 81,98 %

Supplementary titles

YP0931 The student did an internship at Microsoft in Belgium during 12 weeks.

YP0932 Business and technical expertise applied in solving actual Special Olympics case, through individual assignments and team work during hackathon.

Date of issue of results: 26.06.2026

President

Mr Stijn Coenen

EXPLANATORY NOTES

Course units are evaluated on a grading scale of 0 to 20. As an exception it is also possible for certain course units, or parts of course units, to have a pass/fail evaluation. The Flemish credit system is fully in accordance with the European Credit Transfer and Accumulation System (ECTS).

Overview of the codes and abbreviations used on the transcript:

- C The student has passed the course unit, and has therefore obtained a credit.
- T The student has not passed the course unit, but the fail mark was tolerated.
- V The student has been exempted for the course unit.
- NA The student has not taken the exam for the course unit.
- GR There is no grade for the course at this point, but a grade is expected.
- G/P The student has obtained a "pass" grade for a course unit for which a pass/fail evaluation was employed.
- NG/F The student has obtained a "fail" grade for a course unit for which a pass/fail evaluation was employed.
- NVT This part of the course unit is not relevant for the student.
- NL This course unit was offered in Dutch.
- EN This course unit was offered in English.
- FR This course unit was offered in French.
- ES This course unit was offered in Spanish.
- DE This course unit was offered in German.
